Zhang, Dalun. See Everson, Jane M 36
Zhang, Jiabei. **Effect of a constant time delay procedure on motor skill completion durations** 317

TITLES

A structured descriptive methodology: Increasing agreement between descriptive and experimental analyses. Kurt A. Freeman, Cynthia M. Anderson, and Joseph R. Scotti ... 55

Acquisition and generalization of activity schedules and their effects on task engagement in a young child with autism in an inclusive pre-school classroom. N. Gayle Massey and John J. Wheeler 326

Acquisition of a picture prompt strategy to increase independent performance. Susan Copeland and Carolyn Hughes 294

An evaluation of state guidelines for mental retardation: Focus on definition and classification practices. Christopher B. Denning, Jolie A. Chamberlain, and Edward A. Polloway 226

Attitudes of Italian teachers and parents toward school inclusion of students with mental retardation: The role of experience. Giulia Balboni and Luigi Pedrabissi 148

Barriers to minority family involvement in assistive technology decision-making processes. Crystal E. Kemp and Howard P. Parette 384

Caregiver-child interaction and the expression of pride in children with Down Syndrome. Margaret Hughes and Connie Kasari 67

Children at high-risk for mild intellectual disability in regular classrooms: Six New Zealand case-studies. Claire Lloyd, Keri Wilton, and Michael Townsend 44

Church attendance for adults with developmental disabilities. Jeff McNair and Heather Kathleen Smith 222

Cognitive strengths and weaknesses associated with prader-willi syndrome. Frances A. Conners, Celia J. Rosenquist, Julie A. Atwell, and Laura Grofer Klinger 441

Communication development and aberrant behavior in children with developmental disabilities. Jeff Sigafoos 168

Communication-based services for persons with severe disabilities: A survey of speech-language pathologists working in North Carolina residential centers. Billy T. Ogletree, J. Scott Sportsman, Todd VanGiesen, and Ellin Siegel 336

Comparison of results of functional assessment and analysis methods with young children with autism. Echo Cunningham and Robert E. O'Neill 406

Comparison of social problem-solving abilities among adults with and without developmental disabilities. Thomas P. Gumpel, Phyllis Tappe, and Cheri Araki 259

Comparison of teen attitudes toward individuals with mental retardation between 1987 and 1998: Has inclusion made a difference? Junean Krajewski and Mark S. Hyde 284

Conceptualization of age and aging by adolescents, adult and elderly people with mental retardation. Hefziba Lifshitz 374

Defining person centeredness: Results of two consensus methods. Allen A. Schwartz, John W. Jacobson, and Steve C. Holburn . 235

Discourse comprehension of synthetic speech by individuals with mental retardation. Lori H. Willis, Rajinder K. Koul, and D. Dwayne Paschall 106

Effect of a constant time delay procedure on motor skill completion durations. Jiabei Zhang, David L. Gast, Michael Horvat, and John Dattilo 317

Frequent versus nonfrequent verbal prompts delivered unobtrusively: Their impact on the task performance of adults with intellectual disability. Giulio E. Lancioni, Adriana W. Dijkstra, Mark F. O'Reilly, Jop Groeneweg, and Edwin Van den Hof 428

Giving families a voice in augmentative and alternative communication decision-making. Howard P. Parette, Jr., Mary Jane Brotherson, and Mary Blake Huer 177

Impact of sex education programs on sexual knowledge and feelings of men with a mild intellectual disability. Monique Garwood and Marita P. McCabe 269

Inclusion of students with moderate or severe disabilities in educational and community settings: Perspectives from parents and siblings. Peggy A. Gallagher, Julia H. Floyd, Alison M. Stafford, Teresa A. Taber, Susan A. Brozovic, and Paul A. Alberto 135

Literacy instruction for people with mental retardation: Historical highlights and contemporary analysis. David S. Katims 3

Longitudinal job satisfaction of persons in supported employment. David W. Test, Tonya Carver, Lisa Ewers, Jennifer Haddad, and Julie Person 365

Parent priorities in communication intervention for young students with severe disabilities. Jennifer R. Stephenson and Margaret Dowrick 25

Person-centered planning: Characteristics, inhibitors, and supports. Jane M. Everson and Dalun Zhang 36

Physical activity of children with and without mental retardation in inclusive recess settings. David G. Lorenzi, Michael Horvat, and Anthony D. Pellegrini 160

Pre-session assessment of preferences for students with profound multiple disabilities. David L. Gast, Heidi A. Jacobs, Kent R. Logan, Amy Streu Murray, Anne Holloway, and Libby Long 393

Promoting transition goals and self-determination through student self-directed learning: The self-determined learning model of instruction. Martin Agran, Caryl Blanchard, and Michael L. Wehmeyer 351

Quality and content of individualized habilitation plan objectives in residential settings. Roger J. Stancliffe, Mary F. Hayden, and K. Charlie Lakin 191

Selecting components for a screening test to identify three-year-olds at risk for mild learning problems. Marcia Strong Scott, Kathryn L. Fletcher, and Blanca Martell 208

Teaching leisure social skills to adults with moderate mental retardation: An analysis of acquisition, generalization, and maintenance. Mark F. O'Reilly, Giulio E. Lancioni, and Ian-Stuart Kierans 250

Teaching the social skill of accepting criticism to adults with developmental disabilities. Stephen P. Eckert 16

Teaching vocational skills with a faded auditory prompting system. Rebecca J. Mitchell, John W. Schuster, Belva C. Collins, and Linda J. Gassaway 415

Test of validity of a photographic adaptive communication device to measure consumer satisfaction. Elizabeth Howard Eells, Richard A. Dodder, and Tessa Stinnett ... 434

The effects of a computer-based instructional program with video anchors on the use of photographs for prompting augmentative communication. Linda Mechling and John Langone 90

Training adults with moderate and severe mental retardation a vocational skill using a simultaneous prompting procedure. Karen G. Maciag, John W. Schuster, Belva C. Collins, and Justin T. Cooper 306

Utilizing sight words in self-instruction training for employees with moderate mental retardation in competitive jobs. Diane M. Browder and Timothy J. Minarovic 78

Young adults with mental disabilities: Does transition planning make a difference? Alan R. Frank and Patricia L. Sitlington 119
